AS400 Modernization – ASNA Wings

We help clients adopt to technologies
that makes their business better!

Client Summary

- A Leading American furniture, mattress, electronics, and appliance store chain

- Their annual turnover is US$ 1billion and employees over 5000 people

Problem statement

It has 120 + retail stores across the United States using Synon / RPG green screen in POS.

It was not user-friendly, extensive usage of function keys, terminal emulator, difficult & time consuming to train sales reps.

Company Spent nearly 7 million USD for oracle forms to integrate AS400 server which was not successful.

Solution

SrinSoft modernized using **ASNA wings** with following features

- Browser-based POS application

- Faster billing with quick drop-down product search

- Mobile compatible

- Modernized User Interface integrated with AS400

Benefits

- Instant billing across the retail floor using iPad

- RPG business logic and DB access remain unchanged

- Less than 10% of total cost compared to Oracle forms

- Instant ROI
